WHY CHOOSE CASTELLA?

Castella is 100% Australian owned and operated. We source the highest quality European designed fine interior handles. Additionally, we have a selection of in-house designed handles to complement these ranges. With signature customer service and a lifetime guarantee, Castella is Australia's leading interior handle supplier.

TERRACE

A simple and stylish Italian range. Available in a knob and three handle sizes featuring six finishes. The copper finishes are finished with a PVD coating and will not patina with time.

Hydrowood

COLLECTION

HANDLES WITH A STORY TO TELL

Castella has combined it's mastery in handle design with the unique timbers of Tasmanian Hydrowood to create the Castella Hydrowood Range.

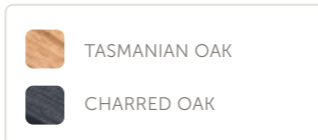

Castella has enjoyed the opportunity to work with this inspiring product and to use specialty timbers that are without question uniquely Tasmanian. The process of ethically harvesting timber from the depths of Lake Pieman results in timbers that cannot be replicated.

MURCHISON

Murchison handles are crafted from timber reclaimed from Lake Pieman on Tasmania's wild west coast, flooded over 30 years ago. Designed to celebrate these special timbers, the shape and form of Murchison handles are simple and functional. Please contact us if you require a custom length.

INNOVATION AND SUSTAINABILITY

Inspired by the innovative and sustainable way of harvesting Tasmania's precious timbers, Castella has used this unique timber to manufacture a contemporary range of handles.

TULLAH

The Tullah range is minimal and stylish featuring round tapered edges and textural timber grains. Tullah is a timeless option that would suit any cabinetry design.

TARKINE

The Tarkine Entrance Handles are designed to complement the Hydrowood timber used in their manufacture. Castella has worked with Hydrowood's reclaimed timber to create a unique collection. Available in Natural Oak and Myrtle, the handles have been finished with CUTEK® Extreme CD50, a high-performance, oil-based wood stabiliser to highlight the natural grain and beauty of timber whilst providing robust and long-lasting protection.

Fixings supplied for face fix, rear fix or back-to-back options, and support mounts are available in Matt Black, Polished Chrome, Satin Chrome, Brushed Brass and Polished Brass.

GUNMETAL

BEAUTIFUL AND COMPLIANT

Our Reed and Sculpt handles are similar but have one important design difference – the Sculpt handle is **DDA compliant to AS1428.1 standards with 35mm clearance**.

This makes the Sculpt handle a beautiful and compliant solution for aged care projects.

REED SCULPT

BOTH ARE SHOWN IN BRUSHED GOLD FINISH

DURABLE AND FUNCTIONAL

The Shakers were a religious group that broke from the Quakers in the late 18th century and were known for the quality of their workmanship being simple in style, durable and functional.

Shaker style suits country, traditional and minimalist style kitchens.

BENTLEIGH

The Bentleigh cabinet range is reminiscent of ages past. The Italian design symbolises sophistication, style and a step back in time.

MANHATTAN

The Manhattan kitchen cabinet handle, made of solid stainless steel, is a nod to New York's iconic architecture, modernist with its strong lines and flat surfaces. The industrial look and feel is well proportioned, much like the high rise buildings that dominate the Manhattan skyline.

This handle is available in 5 versatile lengths, finished in either classic matt black or stainless steel.

NEWPORT

NEW DESIGN

Introducing Castella Newport, the ultimate cabinet handle range for those seeking high-quality, durable solutions for both residential and commercial properties. Crafted from **316 marine grade stainless steel**, the Castella Newport range offers a sleek, modern aesthetic that will elevate the look of any space.

For maintenance we recommend the regular application of a proprietary grade stainless steel polish.

HASTINGS

NEW FINISH

The Hastings collection in solid brass is characterised by its smooth curves, which gives a classic look to cabinetry. The cup pulls, available in two sizes, are perfect for shaker style drawers, and the knobs can be used with or without the square backplate. In 2024 we've added the prestigious Aged Brass finish to this range in the 34mm knob (with backplate) and the 96mm and 203mm cup pull.

KENSINGTON

NEW FINISH

The Kensington range in the Studio Collection is a solid brass handle inspired by the Art Deco era of the 1920's and 1930's. This is reflected in the geometric form of the handle.

KENSINGTON KNOB
